Nurture Your Child's Inner Musician

Music supports children's development at every age and stage of early childhood, so we offer a range of class types for children from birth through age eight. All classes are designed to teach the way children learn: through play.

Mixed Ages

Babies–5 years

The signature Music Together® class for children five and under and their parents and caregivers. The whole family can get in on the musical fun, including grands!

Rhythm Kids®

Pre-K to 2nd grade

During each weekly, high-energy class, Rhythm Kids® have a blast exploring rhythms inspired by musical traditions around the world.
